英文作文 試題

Choose **one** of the three topics below and write a short essay. You will be evaluated on your organization, content, word usage, grammar, and mechanics. Strive to achieve logical transitions between paragraphs and connect your topic supporting statements smoothly with your topic sentence.

1. **Compare and Contrast:** Write an essay in which you compare and contrast the educational methods you have observed in high school and university. What are the differences and similarities between the two system of education? You might discuss the strengths and weaknesses of each system. In your conclusion, you may explain which of the two methods you prefer and the reasons why.
2. **Persuasion:** Write a paper in which your thesis is either "People control events" or, conversely "events control people." You can use your own personal experience or examples from current or historical events to illustrate your point.
3. **Analysis:** Discuss the reasons for the popularity in your generation of a particular object, movie, or popular song. You might provide specific examples from personal experience, your observations, or other forms of supporting evidence. Why do so many people identify with it? How does young people's in it demonstrate their briefs ac values?
