P.4/4

**III. Reading Comprehension: 12 %**

Over the years, jazz has changed and developed, but it has retained its basic quality. One of the forms of music that contributed to the development of jazz was the blues. About a third of jazz music is in the blues form. Even some of the country and western music of the United States is in the blues form. A major step in the development of jazz was taken by musicians in New Orleans. New Orleans jazz had the deep emotion of the blues and the Black spiritual as well as elements of ragtime and European folk music.

41. What is the main purpose of the passage?
- (A) To change the composition of jazz music  
(B) To cite examples of regional music  
(C) To trace the musical origins of jazz  
(D) To distinguish between classical and popular music
42. According to the passage, which of the following statement is true of New Orleans jazz?
- (A) It had slow beats.  
(B) It would use drum.  
(C) It had religious symbolism.  
(D) It expressed the depth of feeling.
43. According to the passage, which of the following types of music is not mentioned as having a blues form?
- (A) Jazz (B) European folk music (C) Western music (D) Country music
44. According to the passage, which of the following statement is NOT true of jazz ?
- (A) It has lost its basic quality over the years.  
(B) The blues contributed to its development.  
(C) Musicians in New Orleans contributed to its major development.  
(D) A third of jazz music is in the blues form.
